Total Number of Clicks: 1 Helpful Not Helpful Posted - 8 months ago 3 weeks FAQ: Gift limit Every player has a gift limit, which has nothing to do with the number of coins you have in the game! You can receive special gifts (anything that is not the daily free gift) up to a daily limit of 55,000 coins.... Most special gifts subtract from your limit when you receive them. The allowance is not affected if you send gifts only if you receive them. NOTE: The daily free gifts do not affect this limit! This limit can be increased in the following ways: A barn = 55,000 coins Granary = + 200,000 coins. (255,000 in total) ****The Granary is the UPGRADE to your barn, it is NOT an additional building. Additional barns and granaries add the corresponding amount of coins. You can also upgrade your coin allowance: see Market - Buildings - Extensions. There you can see which upgrades you have already purchased so that you can work out your compensation. Your limit sets at midnight PDT/PST at the same time as your neighbor visits and reset free gifts. To see your gift limit, click Gifts - Special and look at the bottom of the window. Your gift limit will be updated when you load the game, update the game to see your latest image. Subtract all gifts still in your special gift tab your gift limit. - The value of a material is displayed under each item in your warehouse. IMPORTANT: While your game is closed, Facebook saves your gift notifications (they have a limit for this of 300, which is about 75 pages of gifts). When you load your game these saved gifts go to your gift box, all the extra gifts you receive while the game is opened will add to this amount over the 300 limit. However, if you close your game before accepting the 300+ gifts, then when you reload it, you will only receive the latest from Facebook, you lose the first. Be sure to collect gifts often, especially if you are standing near the 75-page mark or you will lose them! P.S. How many pages of free and special gifts do you have today? Share your gift dos and don'ts in the comments!
